Atlas des entrepôts et des aires logistiques en France en 2015

Le service de l'observation et des statistiques (SOeS), G. Wemelbeke 2017 (Datalab n° 14)

Pdf file, 110 pp., col., maps, diagrams & tables, contents: Partie 1: Les entrepôts et plates-formes logistiques en France en 2015, Partie 2: Les entrepôts et les aires logistiques dans les régions, Définitions et méthodes

Atlas of warehouses and logistics zones in France in 2015: There are 4,432 organizations in France operating warehouses or logistics platforms of over 5,000 m², concentrated mainly in logistics zones: areas where there is a dense offering of warehousing services. This publication presents

an analysis of the characteristics of these major warehousing facilities at the national level and, for each of the metropolitan regions, provides maps and data giving details of the zones' locations and main characteristics.
